

AUSTRALIA'S
LEADING
FLIGHT
TRAINING
AIRPORT

Aviation related infrastructure is provided in a highly urbanised setting supporting:

200
businesses
50
aviation related

3,300
jobs,
1/3 in aviation
and 5% of the
City of Kingston
workforce.

Expected jobs growth
7,500
employees by 2025, 10%
of the City of Kingston
workforce. New opportunities
for local residents to work
closer to home.

\$120
million
in improvements, over the short to
medium term, including \$30 million
in infrastructure improvements
including roads, intersections,
utilities, storm water drainage,
public transport connections and
enhanced community access.

800
flight students
being trained by
a dozen flight
training schools.

\$50
million
of exports in flight
training services
to international
students.

250,000
aircraft
movements,
making us the
third busiest airport
in Australia.
